me: how's tricks?
BushwickBK.com: been sick for a week
BushwickBK.com: some bronchitis-sinusitis combo
BushwickBK.com: kicking my ass
me: word. let me know if you need any "painkillers"
BushwickBK.com: hah, I'm good, I wish I could just breathe through my nose at night
me: OOOOH, LA DI DA, PRINCESS SAPIENZA WANTS TO ACQUIRE OXYGEN FOR HIS PRECIOUS INTERNAL BIOLOGICAL ACTIVITIES
me: I mean, sorry
BushwickBK.com: haha
BushwickBK.com: thank god Obama gave us health care
BushwickBK.com: as there previous was none
me: anywho, the Wikileaks thing finally took off with a vengeance
BushwickBK.com: yeah man
BushwickBK.com: wikileaks all over this week
me: video really wasn't all that scandalous, but now Wikileaks has far more awareness
me: pisses me off because they're clearly somewhat knee-jerk anti-
me: American
BushwickBK.com: will make it safer and more important, probably, but the war will go on as usual
BushwickBK.com: I did notice some iffy things
BushwickBK.com: like Palin's email
me: there was an RPG held by one of the men, hard to see but they looked it over enough that they ought to have seen it
BushwickBK.com: even if there were
BushwickBK.com: if you were in Iraq
BushwickBK.com: you'd have a fucking weapon
BushwickBK.com: or 900
BushwickBK.com: plus, in my opinion, a US soldier who so much as ducks away from resistance fire has comitted a moral crime
BushwickBK.com: in addition to their previous crimes
me: I agree and noted that
BushwickBK.com: Iraqis that shoot at invaders are defending theimselves
me: that having a bunch of AKs and a grenade launcher does not make one an "insurgent"
me: still was bad call on their part and emblematic of what sort of thing happens over there that we don't see
BushwickBK.com: yes

me: but I don't consider this a "murder"
me: even Glenn Greenwald
me: whom I think is among the most intellectually honest and best bloggers
me: does not seem to have addressed that aspect, that the RPG has been pointed out now
BushwickBK.com: depends on how you're defining muyrder I guess
BushwickBK.com: and again not that it matters, nobody will miss a beat over this
me: I know
BushwickBK.com: US military: Yeah that's a real tape, yeah we still say it was legit. THe end"
me: but remember that a single incident can have an effect
me: this one didn't
me: but it's not unthinkable
BushwickBK.com: nearly so
me: anywho
BushwickBK.com: I mean, if they had filmd Fallujah and made a documentary
BushwickBK.com: maybe
me: Wikileaks pissed me off for not pointing out that RPG
BushwickBK.com: but then, it's all about people seeing it, not that it happened
me: leading me to write that there were no RPGs in the video
BushwickBK.com: ah
BushwickBK.com: did you correct?
me: and having to apologize to a bunch of fascists who are wrong about a lot of other stuff but happened to have guessed correctly here
me: of course
me: not that any of them would ever correct, or have ever, in our past arguments
BushwickBK.com: shocking
me: I get off on making corrections and apologizing
me: especially to women
me: I'm really good at it, too
BushwickBK.com: listen ho, I'm sorry
me: that only works on certain girls
me: but it does work
